Employment

Swing Manager
Promoted 2018
McDonald's, Spokane, WA

As a swing manager, I run the floor during some of my shifts and am in charge of the store as a whole during that time. I am responsible for making sure the store is running efficiently and employees are staying on task.

Floor Supervisor
Promoted 2016
McDonald's, Cheney, WA

As a floor supervisor, I was given more responsibility at work. I was an official role model for crew members, and representative of the company. I started learning how to handle customer complaints and manage staff.

Crew Member
2014 - 2016
Golden Dreams Management, Clarkston, WA

At this job, I learned the basics of customer service and teamwork in a professional setting. Not everyone got along, but I learned that as coworkers, it is important to prioritize the team over personal differences.
